# DEFENDANTS ARRAIGNED

## Two Plead Guilty Amongst Six Accused.

## Several Cases Cleared Off Without Jury by De Bolt.

## Jack Morgan's Trial Lengthening Out—Various Matters on Court Files.

All day long yesterday Irene L. Edwards, the complaining witness against Jack Morgan under indictment for seduction, was on the stand testifying before Judge Robinson and a jury. Mr. Peters concluded her examination in chief before noon, and for the remainder of the day Mr. Creighton subjected her to cross-examination.

Kimura, who was indicted in December for assault with intent to murder, was released under a nolle prosequi by Judge Robinson yesterday. He was charged with stabbing and wounding one Sugal. Under a second indictment for assault with weapon, he pleaded guilty and will be sentenced today.

Besides the indictments previously reported, the following came up in court yesterday: Matsumoto, assault with weapon, reserving his plea; Domingo Ferreira, assault and battery, reserving his plea; Kamao, lascivious conduct, pleading not guilty.

### BEFORE JUDGE DE BOLT.

Jacintho Furtado vs. W. C. Achi and wife was discontinued before Judge De Bolt. It was an action on covenant to pay a mortgage debt of \$325 on land bought by plaintiff from defendants.

The suit of H. E. Hendrick, doing business under the name of the Hawaiian Iron Fence and Monumental Co., against J. C. Axtell, and the O. R. & L. Co., garnishee, was continued for the term. It is a claim for \$700.

The suit of E. W. Quinn vs. Victor Hoffman, an appeal from the Honolulu District Court, was discontinued under outside settlement.

The appeal of defendant in the case of Won & Lui Co. vs. Sun Lock Co., was dismissed for lack of prosecution. Creighton & Correa appeared for the plaintiff.

Defendant having made no appearance in the case of A. W. T. Bottomley, trustee, vs. J. P. Rodriguez, on motion of plaintiff the case was placed on the jury waived calendar. After hearing the evidence for plaintiff, Judge De Bolt gave him judgment for

### WHAT IT WILL DO.

A woman buys a sewing machine for what it will do; not as an article of furniture. A man carries a watch to tell him the time; not as an investment of surplus capital. The same principle when one is ill. We want the medicine or the treatment which will relieve and cure. The friend in need must be a friend indeed, something, or somebody, with a reputation. There should be no guesswork in treating disease. People have the right to know what a medicine is, and what it will do, before they take it. It must have behind it an open record of benefit to others for the same diseases, a series of cures that proves its merit and inspires confidence. It is because it has such a record that **WAMPOLE'S PREPARATION** is bought and used without hesitation or doubt. Its Good Name is the solid basis for the faith the people have in it; and a good name has to be earned by good deeds. It does what you have a right to expect it to do. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In Scrofula, Anemia, Nervous and General Debility, Influenza and Wasting Complaints, it is to be thoroughly relied upon. Doctor J. L. Carrick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections. It is of special value in nervous prostration and depraved nutrition; it stimulates the appetite and the digestion, promotes assimilation, and enters directly into the circulation with the food. I consider it a marvelous success in medicine." Every dose effective. "You cannot be disappointed in it." Sold by chemists throughout the world.

\$189 and costs. E. M. Watson for plaintiff.

### BEFORE JUDGE GEAR.

The ejectment suit of Bishop Libert, begun by his predecessor, against Maile Kamalu Paahao, occupied the day before Judge Gear. Mr. Stewart appeared for the plaintiff, and Mr. Rawlins for the defendant. The property is \$5-100 acre at Kalihi, adjacent to the Roman Catholic church. The jurors are W. C. Weedon, B. S. Gregory, J. M. Webb, S. Hoffman, Jr., Chas. P. Osborne, E. M. Wodehouse, L. K. Nakea, Geo. Kalaluhl, W. F. Joher, Jos. Kala, M. J. Carroll, R. W. Davis.

### ON CLERK'S FILES.

Castle & Withington for defendant have filed a bill of exceptions to Judge De Bolt's refusal of a new trial in the case of the Bishop Estate against Madame Lulla.

A bill of exceptions has been filed by Castle & Withington to Judge De Bolt's refusal of defendant's motion for a new trial in the case of M. B. Silveira vs. L. Ahlo.

Judge De Bolt signed an order attaching \$200 owing from F. M. Swanzy to F. H. Redward to answer the judgment debt due to B. S. Gregory by Redward.

In the suit of Allen & Robinson, Ltd., vs. Lee Yick et al., defendants by their attorney, Lyle A. Dickey, make answer of general denial to the complaint.

### SCIENCE SETTLES IT.

Dandruff is Caused by a Germ That Saps the Hair's Vitality.

It is now a settled fact that dandruff is caused by a germ. Falling hair and baldness are the result of dandruff. Dr. E. J. Beardsley, of Champaign, Ill., got hold of the new hair preparation, Newbro's Herpicide—the only one that kills the dandruff germ. He says: "I used Herpicide for my dandruff and falling hair, and I am well satisfied with the result." Dr. J. T. Fugate, of Urbana, Ill., says: "I have used Herpicide for dandruff with excellent results. I shall prescribe it in my practice." Herpicide kills the dandruff germ. Physicians as well as the general public say so. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

And wondered why papa Was so wide awake; A rumbling and roaring Soon came to their ears— A noise that would follow them, All through their years. For down near the bath room The water rushed out, And it caused poor papa And mama to shout.

"Oh, why did we make such a fearful mistake?"

"Oh, John dear, I fear that My poor heart will break, Unless you will promise That tomorrow you'll call Bath, the plumber, and have him Go over it all.

And then no more leaks, For we know that 'tis true, That folks always call Bath When there's plumbing to do."

## DOLE DECIDES PILOT'S SALVAGE

Judge S. B. Dole yesterday morning in the United States District Court, awarded Captain J. C. Lorenzen, one of Honolulu's port pilots, one hundred dollars as salvage against the British steamer Clavering, which went aground near the harbor entrance last fall and was pulled off by the tug Fearless and the steamer Chas. Counselman.

The claim for which Captain Lorenzen libeled the Clavering was \$5000, but unfortunately for it the claimant, directly after the service, rendered his bill for \$100. Although the bill was afterward withdrawn and the libel substituted therefor, the fact that such a bill was presented decided the case so far as the amount was concerned.

As to the principle involved, Judge Dole found that a pilot had a legal claim for salvage on account of services outside of his official duties. There not being law governing the question in the Federal statutes relating to Territories, the court reasoned from laws of different States which were deemed applicable.

The formal rendering of the decision was deferred, pending the question of costs.

## BASEBALL MEN TO MEET

Senator D. P. R. Isenberg, president of the Baseball League, has called a meeting for next Monday afternoon at five o'clock to discuss the baseball outlook for next season. At this meeting arrangements will be made as to the number of teams to play and for a schedule of the games. Mr. Isenberg considers that the outlook for a good season of baseball is very encouraging. He says that the League Park will be in condition this year to furnish a great deal of comfort both to the players and the people who witness the games. The park has been crisscrossed over and by the time the season opens but little dust can be found there.

# BRIGHAM'S NEW FINDS

## The Curator Brings Some Living Trophies.

Prof. Brigham, director of the Bishop Museum, returned yesterday on the Ventura from an eight-weeks' absence in New Zealand and Australia, bringing interesting and valuable curios from both countries to be placed in the museum, including some very rare ornithological specimens. The latter are becoming acclimated on the premises of Dr. Brigham on Judd street.

Among the feathered trophies is a kiwi, a wingless bird, which is a relic of the moa, formerly plentiful in the Hawaiian Islands, but now extinct. The one bird in Dr. Brigham's possession is therefore the only one now in existence here. The kiwi was brought from New Zealand in a box which had three compartments. In two compartments were a pair of wekas, or rail birds, a peculiar fowl which looks much like a hen and walks like the mynah bird. The three birds had to be kept separate as they were prone to quarrel on the voyage. When placed in a large wire enclosed space in the professor's back yard yesterday, they immediately began digging in the grounds for worms and were soon in the enjoyment of a feast.

The kiwi is a very peculiar bird. It not only has no wings but seemingly none of the rudiments. It has long legs, and a very long, slender beak. After smelling over the ground the kiwi makes up its mind that a worm is in a certain place and it drives its beak far down into the earth until the luckless worm is found. It is then drawn to the surface and eaten. Prof. Brigham says the kiwi has been extinct here for about forty years. In ancient times in Hawaii its feathers were used for the making of royal cloaks. There are cloaks made of these feathers now on exhibition at the Bishop Museum.

Two of the sacred lizards of New Zealand were also brought to Honolulu and are now enjoying life in a water tank at Prof. Brigham's home. These reptiles partake somewhat of the crocodile and alligator as well as the lizard and are quite tame. They are about two feet long. They are becoming rare in New Zealand, and with the above mentioned birds, are protected by the government, there being a heavy penalty attached to killing them. In olden times the lizards were worshipped by the Maoris.

In discussing his trip yesterday afternoon, Dr. Brigham said that the result has been satisfactory to him, and he believes that the most cordial relations have been made between the countries he visited and the Bishop Museum. Everywhere he was assisted in making collections, and had he been in possession of the necessary money he could have made some splendid additions to his New Zealand and Australian collections which would become invaluable in time. His material was brought up on the Ventura and will be exhibited in the museum as soon as it can be classified.

"When I arrived in New Zealand I was given a complimentary pass over the government railroads and had every assistance possible," said he. "They have a promotion committee down there that is hard to beat. You go to their office and tell them you are to remain about ten days. They immediately fill out a card telling you where to go, when to go, how to go, choice of hotels at different places, and your time is worked up into the card up to the very hour you are to leave the country. The Government has photographs of exhibition showing everything of interest to see. The government gave me a very valuable collection of pictures which will be on view here."

"The New Zealand geysers are wonderful, and the surrounding country is beautiful. It is one of the finest places to visit that I can imagine. We went to the place where so many people were killed a short time ago. They were warned not to go near the big geyser, but they did so, and the geyser instead of shooting upwards, went off at an angle. They were swept into the boiling river and cooked. We were very fortunate in seeing an eruption. We were to leave the place at 3 p. m., and at 5 minutes to 3 an eruption suddenly took place. The geyser is a mud hole about an acre in extent. Hot water shoots into the air about a thousand feet, and is a magnificent spectacle. I had my camera set and got a fine picture of it."

"We went into the aboriginal Maori country and I saw some very fine natives. They are of the primitive type. Many are much finer looking than the Hawaiians, that is some that I saw. Their carved houses are most curious. The government does not allow any of these to be exported unless privileged. They gave me full permission to remove what I wished, but I lacked the means to bring any here, except some very fine house carvings. But I got things there that I have been looking for for years."

"In Australia I also got some valuable curios which had been gathered by an old Australian explorer. There are collections now being offered for sale, but again I lacked the money to get these. Among the articles I have are shields, boomerangs and spears. "The flax industry interested me. It is quite large and a big cargo of the product was put aboard the Ventura for shipment to the States."

"I intended getting a collection of corals at Pago Pago, but was unfortunate, as the weather was bad while we were there and I was compelled to give this up."

Fukumatsu Dole pleaded guilty to conspiracy in the United States Court yesterday morning. Judge Dole sentenced him to be imprisoned for six months.

## Announcement of Auctions TODAY Auction Sale OF Book Store

## Here's a Real Estate Opportunity

I have divided the entire McCULLY TRACT into lots which I now offer for sale.

The former division of small lots has been discarded and a new division of lots, containing from 1 to 7 acres each, substituted.

This offers an opportunity to buyers to subdivide their acre purchases into smaller lots and make their profit.

## Rice, Vegetable, Pasture and Residence Lands

Nearly 12 acres of this property is now planted with rice. A large area is good farming land now under cultivation. Several pieces of from two to five acres are fine pasture land and gives a place where your animals can be readily secured when needed.

Now the above tells you what the lands are but the most interesting part is this—WHAT IS THE PRICE?

Well, this property is now offered you at the rate of from

**\$300 to \$600 Per  
Acre**

Just think of this price! Land in outlying districts sells today at from 6c to 10c per square foot and here you can buy property adjoining a thickly settled residence section, with Electric Cars passing through the property, at the rate of

**3/4c to 1 1/2c per sq. ft.**

You cannot do better than this in any investment. Parties purchasing over \$5000 worth can obtain a loan of one-half of the purchase price. These lands are offered at private sale.

Plans and prices of Lots can be seen at my Salesroom, 857 Kaahumanu street.

I will be pleased to show intending purchasers over the property.

JAS. F. MORGAN  
857 Kaahumanu Street.
